NEWSLETTER OF THE BUFFALO RIFLE ASSOCIATION OF AUSTRALIA 88 OCTOBER 2022

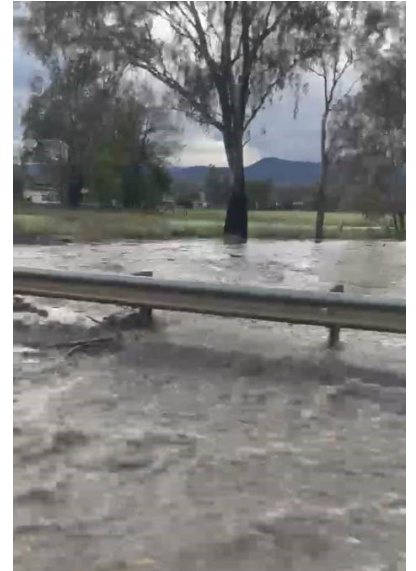

Bugger

Well that was a bit of a mess. We lived in hope but as the pictures here show we really had no choice but to cancel the September Nioka Match.

There are only three ways to reach Nioka—via Manilla; via Bogabri and via Gunnedah and all three were flooded with roads closed to traffic.

Cooyal was not an option because, while it was not under water, we were told by the people up there that the range was impassable.

So the Billy Dixon will be postponed but the AGM will be held at the Cooyal October Match.

**Top: The Tamworth Road.
Centre: The Namoi in flood
and Manilla School.
Bottom: Gunnedah**

The area has a long history of flooding which authorities seem unable to stop

Senior Police answering question at a NSW Budget Estimates Committee Hearing

The NSW Firearms Registry is moving to new premises on the NSW Tweed Coast not far from its existing location at Murwillumbah.

It is a secret location partly intended to protect staff from threats.

This is despite senior police being unaware of any historical threats made to Firearms Registry staff.

'At what stage have any customers threatened any of the staff at the Registry? I've never heard of that. They were asked.

Assistant Commissioner Whyte replied that he could not recall any threats being made to staff but said he would take the question on notice.

The subject came up during questions about the Registry's customer service record which has been heavily criticised by NSW shooters for some time.
